'Colours of the earth will promote balance and wellbeing in 2017, where tactile surfaces will return a sense of balance and composure to those fatigued by the demands of modern life and technology'

- House Beautiful UK, 20 window dressing trends for 2017

**NewYork venetians have an earthy, modern new look.**

## New Colour Palette

7 new colours, developed in consultation with leading interior colour experts.

Match colours throughout the house - all colours available in 50mm and 63mm slat widths.

## Modern Flat Valance

A wide valance allows complete coverage of a standard head rail, providing a clean, finished appearance after installation.

## Affordable, Premium Venetians

We use the latest photo imaging technology to create a unique grain effect, which gives the luxury look and feel of real wood without the high cost and high maintenance.
