

## PRODUCT OVERVIEW

NEW FABRIC WRAP

The **SunBoss** C70 Cassette provides the ultimate in versatility – a one-piece cassette profile that is easy to make, easy to install and appealing to the eye. The softly rounded profile has been designed to be easily fabric wrapped to maintain connection with the blind fabric and overall interior décor. Alternatively, the cassette can be used unwrapped for a more minimalist look. The cassette can be fully fabricated by the manufacturer and sent to site for simple clicking into the pre-fitted brackets.

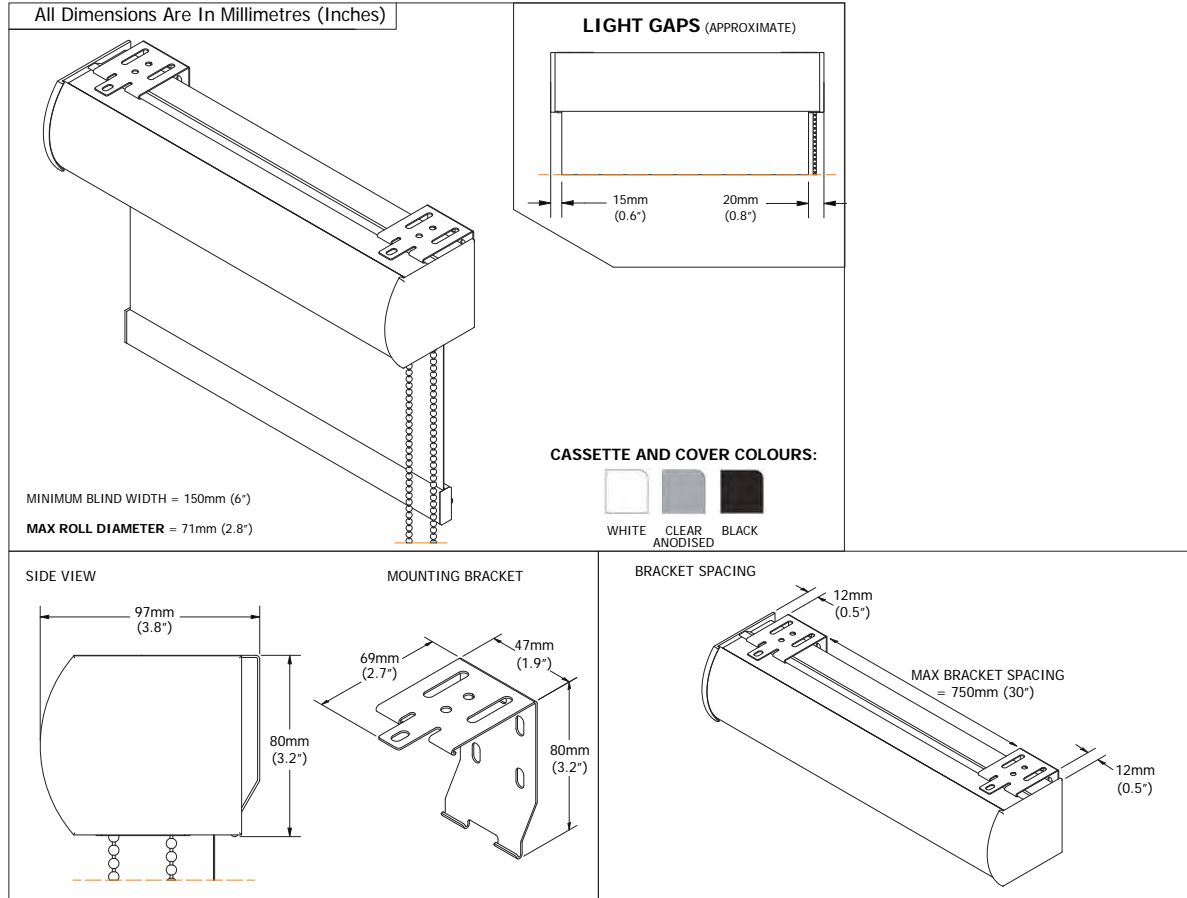

Of course, the C70 Cassette can be used with **SunBoss** chain operated clutches, **ZeroGravity** chainless systems, **SunBoss** spring return systems or can be easily motorised. The interior of the cassette provides generous space to house full drop blinds on 38mm and 43mm tubes, plus includes grooves for use with Zebra blinds if required. This is a truly flexible product that combines function and beauty in one small profile.

## FEATURES & BENEFITS

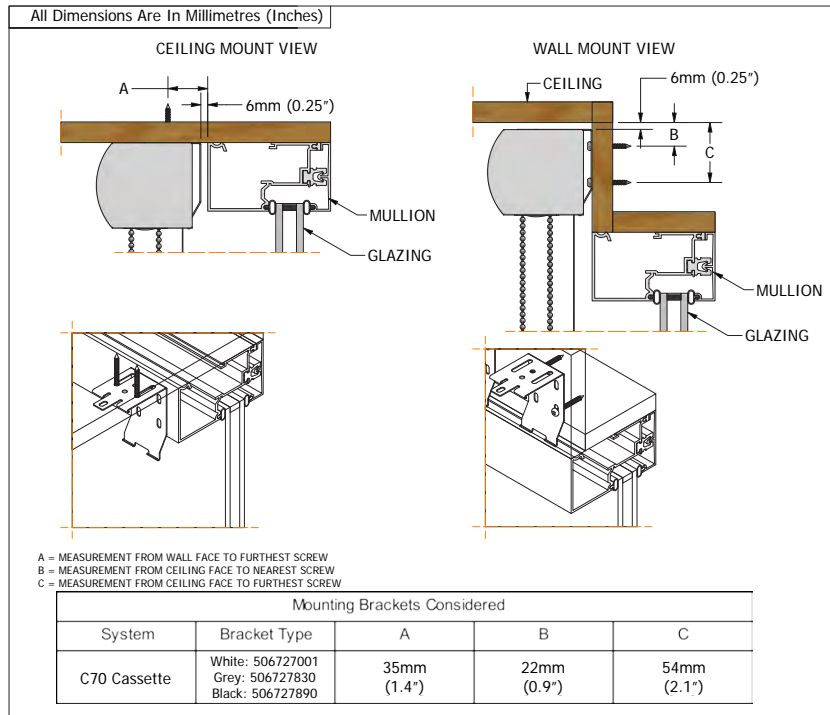

<b>FLEXIBLE BRACKETS</b>	<ul style="list-style-type: none"> <li>The cassette profile snaps into fixing brackets that can be recess/ceiling or wall mounted</li> <li>Brackets can be located anywhere along length of the cassette profile</li> <li><b>SunBoss</b> trademark modularity - internally uses with the existing <b>SunBoss</b> family of end and centre brackets - no need to purchase additional parts</li> <li>Can be used for roller blinds, Zebra blinds and Shangri-La style blinds</li> </ul>
<b>FABRIC WRAP OPTION</b>	<ul style="list-style-type: none"> <li>Front of cassette can be wrapped with any fabric to perfectly match the roller blind - quickly and easily, without using double sided tape</li> <li>Wrapping is completely seamless- no visible gaps or lines, profile is fully covered</li> <li><b>Width of fabric required for wrapping = 150mm</b></li> </ul>
