

PRODUCT OVERVIEW

The **SunBoss** 100mm (4") fascia has been designed from the ground up to give users a new level of performance and appearance. Now designed to be easily fabric wrapped, the fascia profile can coordinate perfectly with the chosen blind fabric for a perfectly seamless decorator look. The larger 100mm profile size also allows for larger roller blinds to be fitted behind, including using 63mm (2.5") tube and 45mm tubular motors. There is no notching required during manufacture and there is a wide range of centre bracket options available. Of course, the 100mm fascia works perfectly with **SunBoss** chain operated clutches, **ZeroGravity** chainless and motorised roller blinds.

FEATURES & BENEFITS

FLEXIBLE, HIGH QUALITY BRACKETS	<ul style="list-style-type: none"> Mounting brackets can be ceiling, wall or laterally mounted to allow easy snap on of Fascia profiles.
FABRIC WRAP OPTION	<ul style="list-style-type: none"> Front profile can be quickly and easily wrapped with any fabric to perfectly match the fabric, without using double sided tape. Wrapping is completely seamless- no visible gaps, bulges or lines. Simple method to fix the fabric securely Width of fabric required for wrapping = 210mm
COLOUR MATCHING BRACKET COVERS	<ul style="list-style-type: none"> Provides a finished look for outside wall mounted applications (colours match mounting brackets and bottom bar end caps)
CLIP ON DESIGN	<ul style="list-style-type: none"> The Fascia securely locks onto each bracket and can be easily removed to allow access to the blind. Also can easily be mounted reverse roll.
CHAIN GUARD DESIGN	<ul style="list-style-type: none"> Clip on chain diverter allows chain to hang away from the fascia and maintains a smooth feel during operation. Notching the fascia is not required.
WIDE RANGE OF LIFT OPTIONS	<ul style="list-style-type: none"> Blinds can be operated using: <ul style="list-style-type: none"> - SunBoss clutch - ZeroGravity - Spring Blind - Motorised
VERSATILE BLIND CONFIGURATIONS	<ul style="list-style-type: none"> Blind drive can be installed on either mounting bracket.
MULTI-LINKED	<ul style="list-style-type: none"> SunBoss Multi-Link system is compatible with the 100mm Fascia using same components as open roll blinds. Allows a group of shades to be linked together and driven by a single clutch or motor. Each link can be adjusted to align the bottom bars together. All brackets can be covered by a single fascia.
AUTOMATION OPTIONS	<ul style="list-style-type: none"> Allows for motorised controls with wireless remotes, switches or other smart devices
